The assailant of King Humbert is, it

presents.

The assailant of King Humbert is, it appears, a religious banatic named Berardi. The authorities have made inquiries regarding his history and have ascertained that he was sentenced to imprisonment for seven years for a murder committed a number of years ago. In 1882 he was released from prison and emigrated to America, the authorities thinking they had got rid of him forever. Berardi, however, recently returned to Rome, but his appearance did not attract attention until today. He has acknowledged since his arrest that his intention was to insult King Humbert, because the king declined to be reconciled to the pope. He also claimed that he had been engaged in forming missions for the liberation of slaves in America and China. The police are trying to ascertain whether he had any accomplices.

REIGN OF DYNAMITE TERROR. Police Worse Than Useless -- Bismarck's Failing Health.

Rose, March 25.—The city is in a state of great excitement over the assault that was made this evening on King Humbert. The king was returning from the Villa Broghese, where he had been spending a portion of the day, when a person having the appearance of an Italian workingman threw a stone at the king, the missile almost striking him. There was a considerable number of people in the street at the time, it being about 5 o'clock in the evening, and several persons rushed upon the assailant and seized him before he had a chance to make another attempt at violence. The assailant was promptly taken in hand by the police and conveyed to peison. Otherwise he would in all probability have been killed by the angry multitude. An immense crowd assembled and chested the king with frantic enthusiasm, and all the way to the palace the scene was like a triumphal progress. King Humbert gracefully acknowledged the ovation, and was evidently deeply moved by the evidence of loyalty on the part of his subjects. Ross, March 25.-The city is in a

Nashville, Tenn., March 25. — Directly after the Commercial National bank closed its doors today its affairs were placed in the hands of one of the directors, E. R. Richardson, pending the arrival of a bank examiner. It seems that the bank has been involved by the recent failure of Dobbins & Dazey. This firm during the past sixteen years has recent failure of Dobbins & Dazey. This firm during the past sixteen years has deposited millions of dollars of foreign exchange with various Nashville banks and none of them have ever lost a cent, but it seems that during the past few days there has been deposited exchange on Cohn, Monroe & Co., New York bankers, for a large amount, which went to protest, and with overdrafts and notes makes Dobbins & Dazey's indebtedness amount to \$283,000, in some of which the bank is secured.

The capital stock of the bank is \$500,000, surplus and undivided profits \$190,000, and it is stated that even if the loss was twice as great there would be no loss to the depositors. It is stated that Mr. Dazey, who was engaged in speculating with the firm's money, is a mental and physical wreck. M. A. Spurr is president of the bank, and Frank Porter is cashier. The capital stock of the bank is not impaired except by the Dobhins & Dazey indebtedness.

The President's Statement.

The bank owes depositors about a half million of dellars. M. A. Spurr, president of the bank, made the following statement tonight: "The failure of Dobbins & Dazey involved the bank in a heavy loss, the exact amount of which cannot yet be ascertained. The stringency of the money market rendered it difficult to rediscount, and as rumors detrimental to the interests of the bank were being circulated on the streets of Nashville, and in order that a run on the bank might inted on the streets of Nashville, and in order that a run on the bank might be avoided and all creditors be permitted to share alike in its assets, a suspension was regarded as the only course left. Nearly the entire amount of the indebtedness of this firm to the bank was brought about by gross misstatements as to shipments of cotion made by Mr. Dazey to the cashier. From a careful estimate of the assets of the bank there can be no reasonable doubt but that all the creditors will be paid in full. The surplus and undivided profits

The Power of The Grip **Broken by Hood's**

"I am 63 years old. Christmas eve I contracted a very severe cold which settled all over me; every bone in my body was in rebell-ion. I soon procured the aid of a doctor. His remedies gave some relief, but the grip had me in its power and for several weeks I did not get out of the door. When I did recover sufficiently to get out, I found myself Without Strength, No Appetite,

all tired out, and after eating what I could, what little strength I did have gave way and I could not waik farther than my barn before sitting down to rest. This was my could the when advised by our druggist to try Hood's Sarsaparilla. With much hesitation and Doubts as Black as Night,

I went to taking it according to directions. Before the one bottle was gone I told my wife I was feeling a great deal better. Up to the present time I have taken about four hottles; my appetite is now good, strength has returned, pains have been driven to the four winds, and I

By Following a Little Advice Now You May Escape Much Trouble.

This is the time of year when one's blood is in a poor condition, when the nerves are weak and when the liver, kidneys and howels are torpid. One is not necessarily sick, but in the spring of the year we are always more or less run down, and the blood needs invigorating, the nerves strengthening and the organs require something to start up a healthy and natural action.

The timely words of the well known Mr. David H. Keating of 1019 Pennsylvania avenue, Baltimore, Md., should be heeded:

"I was a bad sufferer from descrets."

"I was a bad sufferer from dyspepsia and indigestion, my blood was poor and my nerves very weak, which affected my

plaints, and no one ever suffered more than I did. I tried most everything, but nothing did me good until I took Dr. Greene's Nervura blood and nerve remedy. It is certainly a fine medicine and perfectly cured me."

Mise V. D. Sanborn, who resides at Billerica, Mass., says:
"I tried all our dectors to no purpose.

"I tried all our doctors to no purpose. My kidneys, liver and stomach were terrible. I was full of pains and all run down, weak and tired. I never saw such a wonderful effect as Dr. Greene's Nervura blood and nerve remedy had. It has completely cured me, and I know several other ladies who were cured in this town with Dr. Greene's Nervura blood and nerve remedy."

In fact, all agree that Dr. Greene's Nervura blood and nerve remedy is the very best spring medicine one can possibly take. It is the great restorative of blood and nerve and regulator of the organs. Doctors and druggists recommend it. It is purely vegetable and harmless, and all druggists keep it for \$1. It is the discovery of Dr. Greene of No. 35 West Fourteenth street, New York, the successful specialist in curing all forms of nervous and chronic dis-eases, who can be consulted free in re-gard to any case, personally or by letter.
